Forecast for Thursday 17 Mar 2022

Weather: Dry with largely clear skies overnight. Cloud soon increasing from the west Thursday morning, bringing some wintry showers, falling as rain below around 500m, mainly focused in the west. Showers dying out during the evening.

Chance of cloud-free hill tops above 800m: For any given time by day 80-90%, but limited scope for extended spells due to the showery nature of the flow.

Low Cloud and visibility: Good or very good, becoming poor or very poor in showers, only a few metres within cloud, with bases lowering 600m at times in the showers.
